

## Kennel RUN Doors

The **Tobyguard kennel doors** are hand-welded and polished with the best stainless steel quality that reflects the 5-year warranty of our product. The **customized sizes** are perfect for new clinics and for renovations with restricted dimensions. Whether it is for a small or a big project, the **Tobyguard kennel doors will offer you a quality that will last a lifetime!**

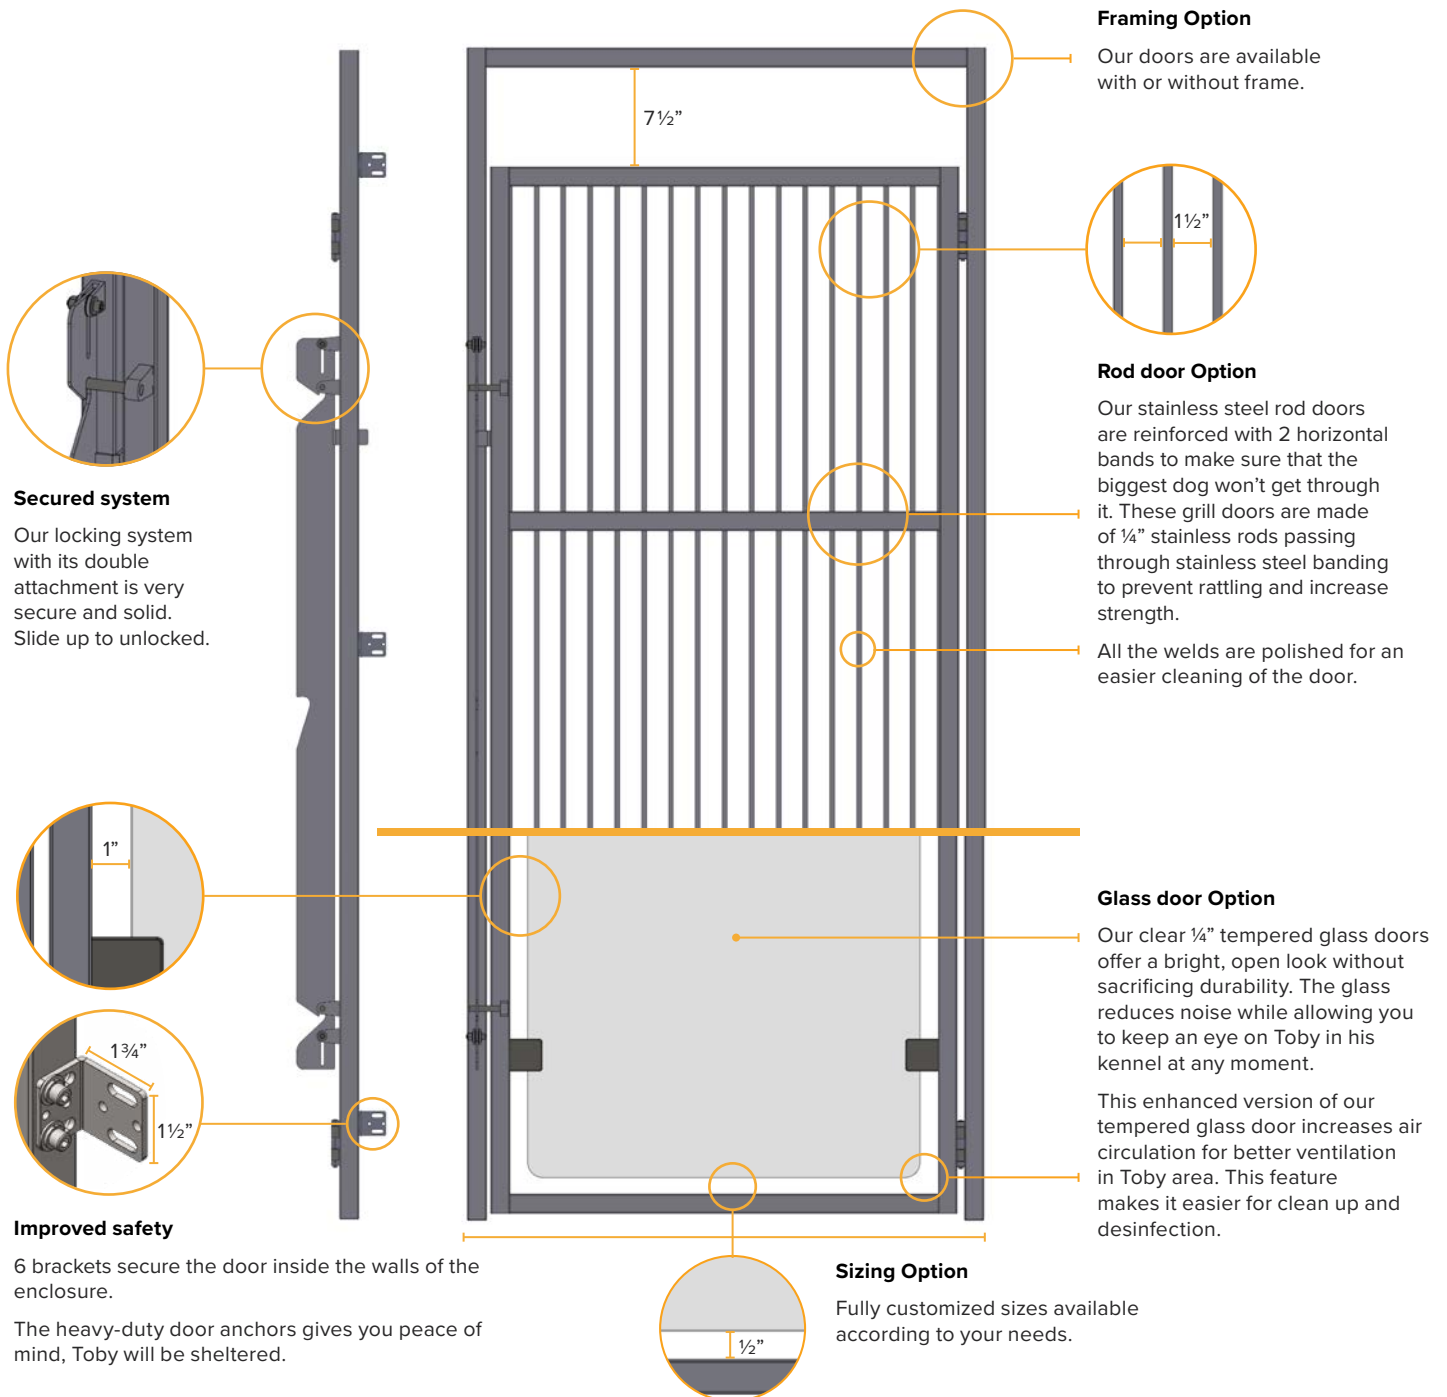

Custom door sizes from 28" to 36" (71.12 - 91.44 cm) width by 69.5" (176.53 cm) high. With or without framing option of 78" (198.12 cm) in height. **Contact us to see the complete listing of models offered!**

**Top Frame Benefit:** The top frame is engineered to distribute weight more evenly, reducing strain on the screws that secure the door into the wall. This results in improved durability and longevity of the installation, ensuring reliable performance over time.

5 years warranty
